PRIVATE DINING

In Suite

Spend some truly intimate time to talk heart-to-heart. Each of our magnificent suites can be transformed into the backdrop for your dream private dinner.

A table set with a profusion of candles and flowers, an outlook over the waters as the sun slowly sets.

A dream come true...

In the Palace

Live the fairy tale that captured your childhood heart, the fairy tale you've never forgotten.

Walk into a historic hall whose immense windows perfectly frame a romantic landscape.

And take a seat at a table for two set with a white linen tablecloth, shimmering silverware and scintillating glasses. Sala Contessa is the perfect fairy tale of times gone by.

Amid the Parkland

Nestle yourselves away in the most romantic corner of the Palace garden, our Dimmidisì corner, where a table, set for two, is waiting for you. Be enchanted by a private park from centuries past, breathe in the sweet embrace of floral perfume, and gaze at the reflection of the moon on the lake.

An al fresco dinner unlike no other...

At the Villa

Sweep your loved one off their feet with the most romantic gesture of all — a surprise evening at 18th century Villa Sola Cabiati. With a choice between the neoclassical elegance of Sala degli Stucchi and the majesty of the Italian garden, this will undoubtedly be the most romantic dinner of your lives.

The most sublime of surprises to celebrate your love.
